

Hello year 6, I am Callum and I went to Bedford Methodist Primary. Bedford High School is great whatever you want to do you can do it. If you want to become a cook, then we have a cooking class which is excellent. If you are worried about the transition from Primary to High School, I hope that this letter puts your minds at rest.

My favourite lesson is cooking because I have always wanted to become a cook and Bedford High School gave me the opportunity to live my dream. Such things you can expect to cook is Bolognese, muffins, cakes and fruit salad. And if you forget something you can give a few pence to your cookery teacher. My other favourite lesson is Science and the experiments you get to do. It is so fun when you use the Bunsen burners, but you always must be careful.

The number of clubs at Bedford High School is outstanding. There is a drama club; if you love drama then go for it. You also do stage productions. Our latest ones include Elf and Aladdin. We do two stage shows every year. There is a PE club where you can do rugby or football.

My opinion is that I love Bedford High School, from its teachers to clubs and to lessons. So do not be scared about moving up don't be because it is really fun.
