

To - Year 6

Hey, my name is Lucia and I previously went to Leigh CE Primary, scared for high school. Trust me, it's not as bad as you think, just don't be annoying and try your best. (Lucia, 7.9)

My favourite subject is maths because my teacher is Mr Jones and he makes every lesson funny, and makes maths actually interesting. It's so much easier to learn a subject you don't like with a good teacher, as they can change your view on a subject completely. I also enjoy art because of the trips we get to go to, and the amount of opportunities we have with art related things (clubs, trips, projects etc).

Personally, I really enjoy the trips and clubs that school provides. There are loads of clubs to pick from that you will DEFINITELY benefit from, such as art club (improving your art skills), coding club (helps you a lot in computing), and many more! The trips that we do at Bedford are great, we went to York for £10 (not a lot of money!) and 50 people are allowed to go to London to experience loads of attractions, along with watching musicals, staying in an apartment and going to museums!

Honestly, I didn't think I would experience so much in my life, especially just through a school. There is so much more to do throughout my school-life, and I cannot wait! Overall, I definitely don't regret going to Bedford. I've met so many people, and made a lot of friends. I'm not sure why I was so worried, as coming to Bedford has made me so much more confident and extroverted.
