Dear Parent/Guardian

Year 11 Online Tuition

As you will be aware, as a result of the lockdown earlier this year, students missed some time in school. Consequently, to help students to catch up, we are planning to arrange some online live tuition. This is a great opportunity for students to access the type of tuition that is usually only available to those whose parents are willing or able to pay for a private tutor.

This programme will consist of 15 hours of tuition, which will take place outside of the school day e.g. in the evenings or at weekends. The tutors would be provided by Tutor Trust, which is part of the government-approved National Tutor Programme. All tutors will be suitably qualified and checked. Tutors are available in Maths, English and Science.

This online tuition is web-based. Students will need access to the internet and a PC, laptop, iPad or similar device. Please note that it does not work on smart phones. Headphones or earphones are also required. If necessary, school can help families who do not have any of the necessary equipment. For safeguarding reasons, online tuition sessions are recorded, and an adult (aged 18 or above) must be present in the household during each session.

Please discuss this opportunity with your child. If you would like to request some online tuition, please complete the reply slip below, and return to Mr Shelton's office no later than Friday 27th November. Please be aware that students must be fully committed to this programme. If any student fails to attend or work hard during online sessions, his/her place will be allocated to another student.

I will not know the level of demand until I have received all requests. However, it is possible that demand may exceed supply. If that is the case, places will be allocated as fairly as possible.

If you have any questions, please do not hesitate to contact me.

Yours faithfully

Mr P Shelton
