## Workplace trends

- GM has an ageing population - the sector will continue to grow as people live longer.
- Female dominated for many positions. Some companies run special programmes to support male employees into their job.
- Values-based recruitment – attracting people with the right character – is most important.

## Roles that GM employers are currently recruiting for

- Nurses
- Care Worker/ Assistant
- Care Managers
- Social Workers
- Nursing Associate
- Medical Professional/ Doctor
- Nurse Support/ Auxiliary roles
- Mental Health Worker

## What do I need to start my career?

**No experience required for entry roles.**

There are multiple routes for all levels and roles. Professional qualifications needed for more senior positions, like doctors or dentists.

## Types of qualifications

- NVQs, BTECs, Diplomas, Degrees.
- Many colleges and providers offer entry level (L1-2) courses.
- L2-7 apprenticeships in Care Services, Health and Science
- Degrees offered by many universities in a range of health and social care subjects.
- T Levels.

## What does the future hold for this sector?

- Ageing population with people living longer with multiple health conditions.
- New viruses e.g. Covid-19 requiring new ways of working.
- Remote appointments and digital healthcare solutions.
